

Human Service Tech

Job Type: Part-Time

The Partial Care programs are dedicated to providing services to youth and adolescents with emotional and behavioral difficulties. Throughout the afternoon, the consumers are involved in therapeutic group activities that teach coping, problem solving, conflict resolution, social and daily living skills.

The program is one entity operating in two different sites. The PCS Hope program, servicing children ages 5-12, divides the consumers into 6 different group rooms by age.

Archway Programs is seeking a Part-Time Human Service Tech in our Partial Care Program located in Washington Twp. to provide an alternative therapeutic care for children between the ages of 5-17 with moderate to severe emotional and/or behavioral problems /to provide an alternative treatment plan for SPMI and Dually Diagnosed adults.

Requirements:

- High School Diploma or GED and 5 years experience in the field
- 64 credits/AA degree in human services or BA degree and 2 years relevant experience in dealing with SED children & adolescents or with BA, no experience
